Old Business:

The nominations from October were accepted, no additional nominations were put forth

Our next meeting will be our Holiday dinner at the Tyrolean Inn, Friday 30 November

Glassware/Decals –it was motioned and approved that the 6 sheets of decals that Larry and Mark used for experimenting would be expensed as R&D. Pricing was set for all items we have in stock. Mark will write up a brief note on the method of applying decals to glassware.

It was agreed that bringing Kevin Pratt down to do a presentation, and possibly the class series, on BJCP certification is a good plan. Mark will check with John Watson to insure no toes are being stepped upon.

On possible upcoming topics it was decided that January would be Flavored/Spiced beers. Brad Carson agreed to host and present on 20 January. The other possible topic covered was a trip to Sierra Nevada. All agreed it had to be in the spring before things heat up in Chico. There will be further discussion in January as to a Fri-Sun trip, a Sat-Sun trip and other possible breweries to fit in. Steve Rannals offered to bring information regarding lodging options to the January meeting.

Meeting Adjourned 2:00

I can't believe I left this off –we actually have a small amount of money!!!

After reimbursing Larry for the decals and Mark for the glassware we still have \$117.89.

Cheers!
